This publication summarizes the end-of-month stocks during 1982 for various commodities by geographic regions.

The data are revised holdings for the calendar year. Cold Storage reports were switched from monthly to quarterly in April 1982 and reports were not published for the months of April, May, July, August, October, and November. Monthly reports were reinstituted in January 1983.

Data are collected monthly from warehouses normally holding commodities for 30 days or more. Included are such specialized facilities as fruit houses, dairy manufacturing plants, frozen fruit, juice and vegetable processors, and poultry and meat packing plants.

Food held in refrigerated space owned, leased or operated by the Armed Services is not reported.
