Direct Hay Weighted Average Report for week ending 11/20/2020

Volume		
This Week	Last Reported ()	Last Year

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Another week of warm and extremely windy weather in the state. A cold front is expected to change things a bit over the weekend but thus far producers have been thankful for a mild fall. Hay interest continues to slowly increase but still no major activity for the most part. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>
