Direct Hay Weighted Average Report for week ending 5/14/2021

Volume		
This Week	Last Reported ()	Last Year

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Another week of below average temperatures in the state. A few days suitable for field work and farmers did take advantage of that but still no extended periods to really get ahead of average progress yet but enough that nothing is extremely behind either. Most of the state received about an inch of rain last weekend and no one wants to really complain about moisture but some sun and warmer weather would be welcomed. There has been just enough Alfalfa cut to show up on the latest progress report but that is about all that can be said. The supply of hay is moderate, demand is light to moderate and prices are mostly steady although sales are very limited at this time. The Missouri Department of Agriculture has a hay directory visit <http://mda.mo.gov/abd/haydirectory/> for listings of hay <http://agebb.missouri.edu/haylst/>

N/A		
Hay (Conventional)		

Alfalfa - Supreme (Ask/Per Ton)

Qty	Price Range	Wtd Avg	Freight/Use	Description	Crop Age
Medium Square 3x3	200.00-250.00		F.O.B.		

Alfalfa - Supreme (Ask/Per Bale)

Qty	Price Range	Wtd Avg	Freight/Use	Description	Crop Age
Small Square	7.00-10.00		F.O.B.
