

Weekly Dry Bean, Pea and Lentil Market News

Wednesday, July 31, 2019 - Tuesday, August 06, 2019

Compared to a week ago: Trading activity was limited on very light demand. This week is a transition from old crop to new crop on the peas, lentils and garbs. Weather is a big factor for the next month and half for dry edibles before harvest starts. According to report contacts, timely rains will be the biggest factor for what the yields will be.
