These calves were mostly off the cow with varied shots, no consignment had full preconditioning. Active market activity on yearlings and light to moderate activity on calves. Dismal weather continues to plague the area and the lack of any sun and warm temperatures has kept yards and fields too wet to allow any harvesting or similar work. In some areas, there is still snow on the ground from the storm last week. Next feeder cattle sale is next Wednesday, October 23. Supply included: 100% Feeder Cattle (46% Steers, 54% Heifers). Feeder cattle supply over 600 lbs was 93%.
