

WYOMING WEEKLY SUMMARY

Recap For Week Ending

September 10, 2021

Receipts: This Week: 6,801 Week Ago: 2,863 Year Ago: 10,414

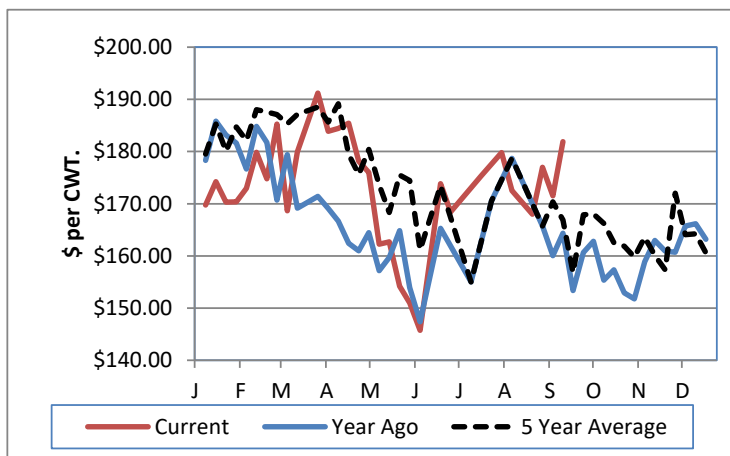

First real test of the bawling calf market this week a good market comparison is not applicable. Few packages of yearlings sold 2.00 to 4.00 lower than last week. Most slaughter cows sold steady except lean cows sold 3.00 to 4.00 lower and slaughter bulls 2.00 lower. Demand was moderate to good. Receipts lighter this week than same time last year mostly because ranchers have marketed yearling cattle earlier due to dry conditions across the selling region. Livestock owners of all types continue to look for winter feed. Some will be selling down on cow numbers as other are thinking of shipping to other states for winter grazing. Some ranchers that sold cattle on various video sales are calling buyers to see if they are ready to take on bawling calves a few weeks earlier than the contract states.
