

WYOMING WEEKLY SUMMARY

Recap For Week Ending

November 20, 2020

Receipts: This Week: 14,565 Week Ago: 16,859 Year Ago: 16,354

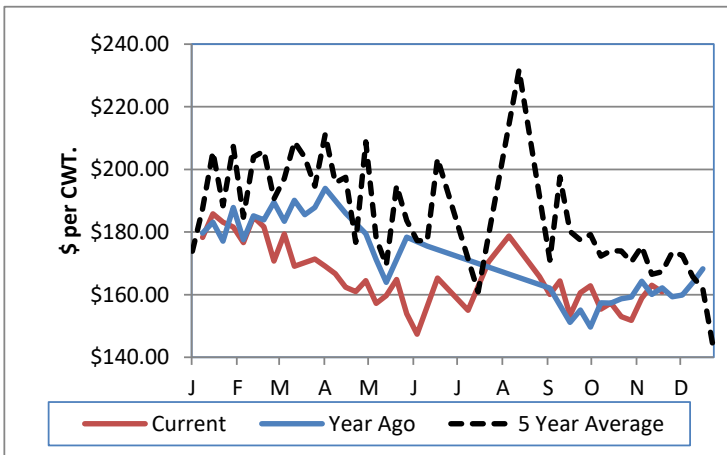

Compared to last week, steer calves under 500 lbs sold 1.00 to 3.00 higher, over 500 lbs sold mostly 2.00 lower. Not enough yearling steers for a market comparison. Heifer calves sold unevenly steady to 2.00 lower. Yearling heifers sold steady. Slaughter cows sold mostly steady to 1.00 lower and bulls traded steady. Bred heifers sold sharply higher per head with a large consignment of reputation bred heifers leading the upward charge. Bred cows sold steady to 100.00 per head more than last week. Demand was good at all reporting locations. Some areas of the Southern Plains have received some rain and the light calf market picked up. Many of those calves will get kicked out on cheap winter grazing pastures. Once again, many young heiferettes and feeding cows returning to the country. **Note: The reporting period for the Wyoming Auction information in this report is Friday -Thursday. The grain and hay information remains Monday-Friday**
