Ready-to-Cook Weight Down 8 Percent from Last Year

May 2019 contained 23 weekdays (including 1 holiday) and 4 Saturdays.
May 2020 contained 21 weekdays (including 1 holiday) and 5 Saturdays.

Poultry certified wholesome during May 2020 (ready-to-cook weight) totaled 4.04 billion pounds, down 8 percent from the amount certified in May 2019. The April 2020 revised certified total at 4.10 billion pounds, was down 1 percent from April 2019. The April revision represented an increase of 12.5 million pounds from last month's preliminary pounds certified.

The preliminary total live weight of all federally inspected poultry during May 2020 was 5.33 billion pounds, down 8 percent from 5.78 billion pounds a year ago. Young chickens inspected totaled 4.72 billion pounds, down 7 percent from May 2019. Mature chickens, at 63.5 million pounds, were down 8 percent from the previous year. Turkey inspections totaled 535 million pounds, down 13 percent from a year ago. Ducks totaled 11.4 million pounds, down 27 percent from last year.

Young chickens slaughtered during May 2020 averaged 6.45 pounds per bird, up 2 percent from May 2019. The average live weight of mature chickens was 6.84 pounds per bird, up slightly from a year ago. Turkeys slaughtered during May 2020 averaged 32.5 pounds per bird, up 1 percent from May 2019.

Ante-mortem condemnations during May 2020 totaled 11.2 million pounds. Condemnations were 0.21 percent of the live weight inspected, as compared with 0.22 percent a year earlier. Post-mortem condemnations, at 30.3 million pounds, were 0.75 percent of quantities inspected, as compared with 0.78 percent a year earlier.

- Ready-to-cook weights.

1 Pounds condemned as percent of pounds certified plus post-mortem condemnations.
Terms and Definitions Used for Poultry Slaughter Estimates

Ante-Mortem Condemnations: Birds condemned prior to their entry into the slaughter plant.

Average Live Weight: The weight of the whole bird, before slaughter. Excludes post-mortem condemnations.

Certified Ready-to-Cook: The weight of poultry certified wholesome by inspection after post-mortem condemnation pounds are removed. Ready-to-cook represents poultry meat ready for the marketing channel.

Dressing Percent: Usually expressed as a percentage yield of frozen and chilled carcass in relation to the weight of the live bird.

Ducks: Includes all ducks regardless of age and weight.

Federally Inspected (FI) Plants: Plants that transport meat interstate must employ federal inspectors to assure compliance with USDA standards.

Mature Chickens: Fowl from breeder and market egg flocks and stags and cocks.

Number of Head: Includes post-mortem condemnations.

Old Turkeys: Fully matured birds held for egg production, usually over 15 months of age.

Plant, Slaughter: An establishment where birds are killed and butchered.

Post-Mortem Condemnations: Carcasses or parts condemned by the inspector because of disease or mishandling and removed from the slaughter line and destroyed.

Slaughter: Killing and butchering of birds primarily for food.

Total Live Weight: The total weight of live birds, before slaughter. Excludes post-mortem condemnations.

Young Chickens: Commercially grown broilers-fryers and other young immature birds such as roasters and capons.

Young Turkeys: Young birds grown to a matured market age, and other turkeys such as fryers/roasters and young breeders.
Statistical Methodology

Data Sources: Data for poultry slaughter estimates are collected by inspectors of the Food Safety and Inspection Service (FSIS), USDA for all Federally Inspected plants. Over 99 percent of the total United States slaughter for any species is under Federal Inspection. The number of head slaughtered daily, by species and class, as well as condemnations and total live and dressed weights are obtained by shift for each plant. Approximately 370 plants slaughtered poultry in the United States under Federal Inspection in 2019. Young chickens were slaughtered in 38 States, young turkeys in 33 States.

Revision Policy: Data for the previous month and year-to-date totals are subject to revision the following month after the initial monthly estimates are published. Final data are published in the annual summary released in February and include any revisions made to current and previous year’s published data. Revisions are generally the result of late reports or corrections received by FSIS from plants and are usually less than one-half of one percent. No revisions will be made to the previous year’s data after publication of the annual summary in February.

Procedures and Reliability: Plant inspectors submit data electronically for each shift a plant operates. An edit provides checks for the detection of errors such as invalid plant information, duplication, and erroneous data. Data are accumulated to monthly totals for this release.

Data for major slaughter plants with missing reports are adjusted prior to publication to assure that all plants slaughtering a significant portion of a specific class are included. Estimates for missing shifts are made only after verifying that the plant was in operation. Adjustments are based on a shift determined to be similar to the one missing. Late reports replace imputed data as they become available. While there is a varying degree of incompleteness from month to month, it has only a minimal impact on the published totals.

Poultry slaughter estimates are based on a census of operating plants and, therefore, have no sampling error. However, they may be subject to errors such as omissions, duplications, and mistakes in reporting, recording, and processing the data. These errors are minimized through strict quality controls in the edit and summarization process, and a careful review of all reported data for consistency and reasonableness.

Information Contacts

Listed below are the commodity specialists in the Livestock Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to nass@usda.gov

Travis Averill, Chief, Livestock Branch .............................................................. (202) 692-0069

Tony Dorn, Head, Poultry and Specialty Commodities Section ............................................. (202) 690-3223
  Holly Brenize – Poultry Slaughter ............................................................... (202) 720-0585
  Alissa Cowell-Mytar – Cold Storage, Capacity of Refrigerated Warehouses ......................... (202) 720-4751
  Liana Cuffman – Catfish and Trout, Mink, Census of Aquaculture ................................ (202) 720-8784

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: [www.nass.usda.gov](http://www.nass.usda.gov)

- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit [www.nass.usda.gov](http://www.nass.usda.gov) and click on “National” or “State” in upper right corner above “search” box to create an account and select the reports you would like to receive.

- Cornell’s Mann Library has launched a new website housing NASS’s and other agency’s archived reports. The new website, [https://usda.library.cornell.edu](https://usda.library.cornell.edu). All email subscriptions containing reports will be sent from the new website, [https://usda.library.cornell.edu](https://usda.library.cornell.edu). To continue receiving the reports via e-mail, you will have to go to the new website, create a new account and re-subscribe to the reports. If you need instructions to set up an account or subscribe, they are located at: [https://usda.library.cornell.edu/help](https://usda.library.cornell.edu/help). You should whitelist notifications@usda-esmis.library.cornell.edu in your email client to avoid the emails going into spam/junk folders.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: [nass@usda.gov](mailto:nass@usda.gov).

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual’s income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](https://www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer) (PDF), found online at [www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer](https://www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer), or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at [program.intake@usda.gov](mailto:program.intake@usda.gov).
