Livestock Weighted Average Report for 10/29/2020 - Final

**AUCTION**

	This Week	Last Reported 10/22/2020	Last Year
<b>Total Receipts:</b>	4,058	3,828	3,772
<b>Feeder Cattle:</b>	4,058(100.0%)	3,828(100.0%)	3,772(100.0%)

Compared to last week: Steer calves 7.00 to 10.00 higher, instances of 12.00 to 15.00 higher. Heifer calves 2.00 to 5.00 higher. Very good demand this week for this large offering of high quality calves, right off the cows, offered in light to moderate flesh. The market was active as buyers were feeling better about the market as the CME Live Cattle contracts posted a healthy rally. The poor weather, due to the early winter storm that moved throughout the greater region, last week was replaced by sunshine and more seasonal weather making it much easier on calves and their caretakers. More cattle feeders were in the market this week and ready to receive cattle and were willing to give more to get these Western North Dakota calves bought. Large run of feeder cattle expected again next week. Supply included: 100% Feeder Cattle (66% Steers, 34% Heifers, 0% Bulls). Feeder cattle supply over 600 lbs was 51%.
