Direct Hay Weighted Average Report for week ending 7/24/2020

Volume			
	This Week	Last Reported ()	Last Year
Tons:			
Hay	942	0	0
Total	942	0	0

Please Note: The above volumes (tonnage, acres, and bales) listed on this USDA LPGMN report are for confirmed trades only, it does not include estimated volume (tonnage) for bids or offers to the trade.

Special Note: *** Please note that from this forward this report will be released bi-weekly until hay trade starts to be more active. Next report will be released on 08-06-29 ***

Compared to last week: Hay trade continues to be extremely slow and no trend is available. Most producers are of the mindset that higher end Alfalfa will continue to move. Cow and grass hay seem to be on the back burner as of now due to recent rains and the trade are having plenty of grazing grass. Demand remains good.

Market News continues to maintain an online hay directory for both in-state and out-of-state hay producers. The directories are on the ODAFF homepage at www.oda.state.ok.us. Producers wishing to list hay are encouraged to call at 1-405-521-3864 or emailOklahomaCity.LPGMN@usda.gov.
