Special Note: This sale will not be covered next week, next reported sale will be June 3rd.

Compared to last week: Feeder steers and heifers were all too lightly tested to develop an accurate market trend, however steady undertones were noticed on all feeders on offer. Quality this week was mostly plain to average and offered in mostly small packages or as singles. Buyers showed mostly light to moderate demand for all feeder cattle today. Market activity this week was slow to moderate. Weigh up cows sold on mostly moderate demand and light to moderate offerings. Packer buyers showed mostly light to moderate demand for cows for immediate harvest this week. Slaughter cows sold mostly 1.00-2.00 lower on boning and lean cows. Breaking cows were too lightly tested to develop an accurate market trend, however lower undertones were noticed as packers allowed feeding buyers to buy the majority of this class. Packers purchased most of the cow offering to put away on feed. Feeding cows sold fully steady as packers showed moderate demand for high quality cows. Cow and bull quality this week was mostly average to very attractive. Weigh up conditions were mixed this week, cows sold later in the sale were pushing heavier amounts of fill. Young age cows suitable to feed or re-breed sold generally steady to firm on moderate demand. Quality was mostly average. Supply included: 32% Feeder Cattle (22% Steers, 52% Heifers, 25% Bulls); 22% Slaughter Cattle (68% Cows, 32% Bulls); 46% Replacement Cattle (98% Stock Cows, 2% Cow-Calf Pairs). Feeder cattle supply over 600 lbs was 73%.
