Compared to last week: Feeder steers and heifers were all too lightly tested to develop an accurate market trend, however weak undertones were noticed. Quality this week was mostly plain to average and offered in small packages or as singles. Buyers showed mostly light demand for very light offerings. Not enough feeder cattle were offered today to put together loads. Market activity was slow. Weigh up cows comprised the majority of the sale this week as ranchers are culling cows after branding. Cow quality today was mostly average to very attractive. The majority of the offering this week was purchased to feed as many feeding buyers were on hand actively bidding on offerings. Feeding cows sold steady to firm. Packer buyers tried to purchase cows steady, however demand from feeding buyers pushed slaughter cows slightly higher as both feeding and slaughter buyers competed over the same offerings. Slaughter cows sold steady to 2.00 higher on boning and lean cows. Breaking cows were not tested as the entire offering was destined to feed this week. Weigh up conditions were average. Young age cows suitable to feed or re-breed sold mostly steady to 3.00 higher in a narrow comparison. Quality was mostly average to attractive. Demand from feeding cow buyers helped improve prices on large heifers and feeding quality cows over 1150 lbs. Supply included: 16% Feeder Cattle (6% Steers, 83% Heifers, 10% Bulls); 17% Slaughter Cattle (64% Cows, 36% Bulls); 67% Replacement Cattle (99% Stock Cows, 1% Cow-Calf Pairs). Feeder cattle supply over 600 lbs was 89%.
