Livestock Weighted Average Report for 6/24/2020 - Final

AUCTION

	This Week	Last Reported 6/17/2020	Last Year
Total Receipts:	2,664	693	2,121
Feeder Cattle:	1,228(46.1%)	298(43.0%)	406(19.1%)
Slaughter Cattle:	290(10.9%)	184(26.6%)	245(11.6%)
Replacement Cattle:	1,146(43.0%)	211(30.4%)	1,470(69.3%)

Special Note: ***Next sale July 15th***

Compared to last week: Feeder steers and heifers were all too lightly tested last week to develop an accurate market trend, however higher undertones were noticed. Quality this week was mostly average to attractive and significantly higher than last week. Buyers filled the stands today as this is the last sale until the week after the 4th of July. Demand was moderate to good for light to moderate offerings. Buyers showed good demand for green cattle suitable to turn out on grass. Cattle were in mostly light flesh this sale. Notably, the 781 lbs heifers tagged as replacements were A.I. bred for one round with no clean up bulls turned out. Market activity today was mostly active with many order buyers and ranchers in the stands actively bidding on offerings. Weigh up cows sold on mostly good to very good demand for moderate to heavy offerings. Cow and bull quality this week was mostly attractive to very attractive. Packers showed moderate to good demand for slaughter cows as they bid aggressively against feeding buyers over offerings. Lean cows sold with the best demand as packers search for lean product to blend down trimmings from the backlog of over finished cattle. Many long strings of cows off reputation ranches were seen this sale. Feeding cow demand was mostly very good today. Feeding cows sold mostly 2.00-3.00 higher. Slaughter bulls sold steady to firm on a high quality offering. Weigh up conditions were mostly average to below average today as hot temperatures had many cows pushing excess fill. Demand for re-breed cattle was better in places as ranchers purchased many high quality sets of young cows. Young age cows sold mostly 2.00-5.00 higher on a significantly higher quality offering. Quality was attractive to very attractive. Supply included: 46% Feeder Cattle (45% Steers, 53% Heifers, 2% Bulls); 11% Slaughter Cattle (71% Cows, 29% Bulls); 43% Replacement Cattle (89% Stock Cows, 0% Bred Cows, 6% Cow-Calf Pairs, 4% Heifer Pairs). Feeder cattle supply over 600 lbs was 81%.

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:

Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months; E = Exposed; B = Bred)

Age - Numerical representation of age in years.
