Summary

Milk Disposition and Income: Final Estimates by State, 2003-2007, U.S. Department of Agriculture, Agricultural Statistics Board, National Agricultural Statistics Service, Statistical Bulletin No. 1027.

Introduction: This bulletin presents final estimates, including revisions made by the Agricultural Statistics Board (ASB), for the production years 2003 through 2007. The disposition and income from milk production for 2003-2007 were published during calendar years 2004-2008. Data included in this publication provide a historic record and a benchmark for current estimates. Number of milk cows, production per cow, and total production were published in Statistical Bulletin No. 1022.

Procedures: Revisions were made after a thorough review of the original survey data and all additional data now available, including the 2007 Census of Agriculture. Other data series considered included Federal Milk Market Orders, receipts of milk by plants and dealers, and any other available administrative information. The 2003-2007 estimates shown herein are considered final and will not be revised again.

At the National level, revisions to estimates of milk production and annual number of milk cows were less than one-half of one percent.

Agricultural Census Publications: The U. S. Department of Agriculture's National Agricultural Statistics Service (NASS) released several products from the 2007 Census of Agriculture on February 4, 2009. The Census is the leading source of statistics about the Nation's agricultural production and the only source of consistent, comparable data at the county, State, and national levels. The Census includes all places from which \$1,000 or more of agricultural products, including government payments, were produced and sold, or normally would have been sold, during the census year. Census publications also include demographic items such as sex of operator, residence on or off the farm, days worked off farm, years present on farm, age group categories, race, and number of persons living in each household.

ACCESS TO REPORTS!!

For your convenience, there are several ways to obtain NASS reports, data products, and services:

INTERNET ACCESS

All NASS reports are available free of charge. For free access, connect to the Internet and go to the NASS Home Page at: www.nass.usda.gov.

E-MAIL SUBSCRIPTION

All NASS reports are available by subscription free of charge direct to your e-mail address. Starting with the NASS Home Page at www.nass.usda.gov, under the right navigation, *Receive reports by Email*, click on **National** or **State**. Follow the instructions on the screen.
