Livestock Weighted Average Report for 3/28/2021 - 4/3/2021

LIVESTOCK SUMMARY

	Current Week	Last Reported 3/22/2021	Last Year
Total Receipts:	16,098	31,536	23,342
Feeder Cattle:	15,032(93.4%)	29,985(95.1%)	21,566(92.4%)
Slaughter Cattle:	1,066(6.6%)	1,551(4.9%)	1,776(7.6%)

Compared to last week: Feeder steers steady to 3.00 higher, heifers steady to 1.00 higher. Very good demand for light cattle to background, either on grass or on feed, more moderate demand for cattle suitable only for finishing. Spring is progressing, albeit many areas of the state are in dire need of rain, and with it the normal uptick in demand for light cattle is occurring. Cattle to turn out on grass to develop into yearlings are highly sought after and the market is very active. Cattle feeders were able to push the cash fed cattle market higher after 7 straight weeks of holding steady, which lent some support to the feeder market but the large jumps in the corn futures this week was very concerning. April Live Cattle futures managed to climb back to 120.00 but months ago when outgoing cattle were placed on feed the hope was that April would reach 130.00. Packers remain in the drivers seat and have kept a lid on the fat market, ensuring their large margins remain, and leave the cattle feeders in a poor position where they find nothing but losses. Last year's drought is still hanging on, the western half of the state is severely in need of moisture. Range fires have broken out as high winds created high fire danger this week. Slaughter cows 3.00 to 5.00 higher, bulls 2.00 higher. Supply included: 93% Feeder Cattle (50% Steers, 49% Heifers, 0% Bulls); 7% Slaughter Cattle (30% Steers, 14% Dairy Steers, 24% Heifers, 29% Cows, 2% Bulls). Feeder cattle supply over 600 lbs was 89%.

FEEDER CATTLE

STEERS - Medium and Large 1 (Per Cwt / Actual Wt)
