Livestock Weighted Average Report for 5/23/2021 - 5/29/2021

### LIVESTOCK SUMMARY

	Current Week	Last Reported 5/17/2021	Last Year
<b>Total Receipts:</b>	17,212	22,602	13,704
<b>Feeder Cattle:</b>	16,006(93.0%)	21,189(93.7%)	12,429(90.7%)
<b>Slaughter Cattle:</b>	1,206(7.0%)	1,413(6.3%)	1,275(9.3%)

Compared to last week: Feeder steers steady to 2.00 higher, except 650-750 lbs steady to 2.00 lower, feeder heifers steady to 4.00 higher. Demand moderate overall, unless the cattle are really green then the market gets very active. Flesh condition is the greatest value determining factor, especially in a year like this where feed costs are incredibly high and the fat market is weak. There is currently a lot of pressure on the feeder market. The corn market was very volatile this week, keeping concern of rising feedcosts front and center on cattle producer's minds. The cash fed cattle market held around the 120.00 mark, this is leaving a spread of 210.00 per hundred between live cattle and boxed beef as Choice boxes ended the week at 330.00. Packers refuse to give up their huge margins as they keep a choke hold on the fat market. Demand for beef from consumers is outstanding, even with the high prices they are faced with but all of the profit in the industry is being taken by one sector of the industry leaving those who produce the product to contemplate leaving the industry. Drought conditions still remain across the state, except for a pocket in the northeast. Without rain cattle producers will have to sell down their herds and yearlings will begin moving off grass soon. Slaughter cows steady to 1.00 higher, bulls steady. Supply included: 93% Feeder Cattle (55% Steers, 0% Dairy Steers, 45% Heifers, 0% Dairy Heifers); 7% Slaughter Cattle (45% Steers, 7% Dairy Steers, 20% Heifers, 26% Cows, 2% Bulls). Feeder cattle supply over 600 lbs was 92%.

### FEEDER CATTLE

#### STEERS - Medium and Large 1 (Per Cwt / Actual Wt)

Head	Wt Range	Avg Wt	Price Range	Avg Price	
6	386	386	191.00	191.00
