Friday, October 30, 2020

For Week Ending:

Thursday, October 29, 2020

Receipts: 16,970

Last Week: 18,306

Last Year: 20,913

Compared to last week, feeder steers and heifers were unevenly steady with instances of 3.00 higher to 3.00 lower. Significant rain and seasonal temperatures this week created cold and muddy conditions, which drives buyers to continue to show the most interest in long-weaned, preconditioned feeder cattle as health concerns are imminent, especially in freshly weaned calves. Slaughter cows were mostly steady, and slaughter bulls were mostly steady to 1.00 higher with mostly moderate demand for slaughter classes.
