Special Note: *Weaned calves left untagged*

Compared to last week: Yearling steers and heifers were too lightly tested last to develop any accurate market trend. Steer calves under 500lbs sold 5.00-10.00 higher with moderate to good demand; Steers 450-599 lbs sold 5.00; steers over 600 lbs sold mostly steady to 6.00 higher. Heifer calves under 500 lbs sold 5.00 to 8.00 higher, while heifers over 500 lbs sold 3.00-8.00 higher. Calf quality this week was average to attractive, with a few consignments of attractive cattle. Calves were offered in mostly small to medium packages today that sold with moderate demand, with a few load lots on offer that sold with good demand for both steers and heifers. Demand remains limited due to limited trucks. Wide price spreads continue to be seen as buyers continue to focus on buying front end calves and calves with two rounds of vaccinations. Market activity this week was moderate to active with moderate to heavy receipts of feeder cattle. Weigh up cows sold on mostly moderate demand for light to moderate offerings. The majority of cows recorded this week were purchased for feed. Primarily very lame or severely blemished cows were purchased for immediate harvest. Lower undertones were noticed on all classes of slaughter cows on a light test this and last week. Slaughter bulls were too lightly tested to develop any market trend. Young age cows suitable to feed or rebreed sold steady on a light comparison, with no comparison for bred replacement cows or heifers. Demand was mostly light. Quality for this class of cows was plain to average this week. Supply included: 88% Feeder Cattle (45% Steers, 54% Heifers, 1% Bulls); 8% Slaughter Cattle (83% Cows, 17% Bulls); 4% Replacement Cattle (99% Stock Cows, 1% Bred Cows). Feeder cattle supply over 600 lbs was 25%.
