

# Grain Crushings and Co-Products Production

ISSN: 2377-3855

---

Released July 1, 2021, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, United States Department of Agriculture (USDA).

## Highlights

**April 2021** contained 30 days.

**May 2021** contained 31 days.

**Total corn consumed** for alcohol and other uses was 503 million bushels in May 2021. Total corn consumption was up 9 percent from April 2021 and up 42 percent from May 2020. May 2021 usage included 91.2 percent for alcohol and 8.8 percent for other purposes. Corn consumed for beverage alcohol totaled 3.85 million bushels, up 5 percent from April 2021 but down 4 percent from May 2020. Corn for fuel alcohol, at 448 million bushels, was up 10 percent from April 2021 and up 49 percent from May 2020. Corn consumed in May 2021 for dry milling fuel production and wet milling fuel production was 91.7 percent and 8.3 percent, respectively.

**Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 1.94 million tons during May 2021, up 10 percent from April 2021 and up 56 percent from May 2020. Distillers wet grains (DWG) 65 percent or more moisture was 1.08 million tons in May 2021, up slightly from April 2021 and up 47 percent from May 2020.

**Wet mill corn gluten feed production** was 299,123 tons during May 2021, up 3 percent from April 2021 and up 3 percent from May 2020. Wet corn gluten feed 40 to 60 percent moisture was 208,575 tons in May 2021, up 3 percent from April 2021 but down 1 percent from May 2020.

### Dry and Wet Mill, Corn Consumed – United States: May 2021 with Comparisons

| Purpose                                       | May 2020        | April 2021      | May 2021        |
|---|-----------------|-----------------|-----------------|
|   | (1,000 bushels) | (1,000 bushels) | (1,000 bushels) |
| <b>Consumed for alcohol production</b>        |                 |                 |                 |
| Beverage alcohol .....                        | 3,992           | 3,658           | 3,852           |
| Fuel alcohol .....                            | 301,174         | 408,415         | 447,558         |
| Dry mill .....                                | 257,634         | 372,156         | 410,253         |
| Wet mill .....                                | 43,540          | 36,259          | 37,305          |

| <b>Wet mill</b>  |           |            |           |
| Corn germ meal .....   | 64,200    | 63,568     | 64,607    |
| Corn gluten feed .....   | 291,064   | 291,558    | 299,123   |
| Corn gluten meal .....   | 91,013    | 113,905    | 114,135   |
| Wet corn gluten feed 40% to 60% moisture .....                 | 211,741   | 202,491    | 208,575   |
| <b>Dry and wet mill</b>  |           |            |           |
| Carbon dioxide captured .....                                  | 149,453   | 225,169    | 229,471   |

## Statistical Methodology

**Survey Procedures:** *Grain Crushings and Co-Products Production* is part of the Current Agricultural Industrial Reports (CAIR) program. CAIR reports are administered under NASS's Census of Agriculture program. Response to CAIR surveys are required by law (Title 7, U.S. Code). Data are collected from all known mills that produce ethanol.

The census universe was determined during operation profile interviews which were completed for each potential facility to identify the presence of ethanol production in 2014. During the operation profile, facilities that met the survey criteria were asked for the nameplate production capacity. The operation profile also documented the manner in which the firm will report. A firm headquarters can report for all milling locations or each location can report separately.

In the Dry Mill Producers and Wet Mill Producers survey questionnaires, mills are asked for previous calendar month data on feedstocks consumed, products and co-products produced. Mills are mailed questionnaires with the options of completing the survey by mail or by Electronic Data Reporting (EDR). For surveys not received in a reasonable amount of time, telephone follow-up is conducted.

**Estimating Procedures:** Imputation is done for operations with non-response by using historical data and current data relationships. Data for reporting firms are added to estimates for non-reporting firms to obtain National totals.

**Revision Policy:** Data are revised the following month based on late reports or corrected data. Final figures are published in the annual summary of the following year.

**Reliability:** Approximately 130 reports are received each month which represent about 90 percent of total capacity. Monthly data can vary due to different firms reporting month to month. Survey data are also subject to non-sampling errors such as omissions and mistakes in reporting and in processing the data. While these errors cannot be measured directly, they are minimized by carefully reviewing all reported data for consistency and reasonableness.

## Information Contacts

Listed below are the commodity statisticians in the Crops Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to [nass@usda.gov](mailto:nass@usda.gov)

## Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: [www.nass.usda.gov](http://www.nass.usda.gov)
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit [www.nass.usda.gov](http://www.nass.usda.gov) and click on “National” or “State” in upper right corner above “search” box to create an account and select the reports you would like to receive.
- Cornell’s Mann Library has launched a new website housing NASS’s and other agency’s archived reports. The new website, <https://usda.library.cornell.edu>. All email subscriptions containing reports will be sent from the new website, <https://usda.library.cornell.edu>. To continue receiving the reports via e-mail, you will have to go to the new website, create a new account and re-subscribe to the reports. If you need instructions to set up an account or subscribe, they are located at: <https://usda.library.cornell.edu/help>. You should whitelist [notifications@usda-esmis.library.cornell.edu](mailto:notifications@usda-esmis.library.cornell.edu) in your email client to avoid the emails going into spam/junk folders.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: [nass@usda.gov](mailto:nass@usda.gov).

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the [USDA Program Discrimination Complaint Form](#) (PDF), found online at [www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer](http://www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer), or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at [program.intake@usda.gov](mailto:program.intake@usda.gov).
