

# **Grain Crushings and Co-Products Production**

ISSN: 2377-3855

Released November 1, 2018, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, United States Department of Agriculture (USDA).

### **Highlights**

August 2018 contained 31 days. September 2018 contained 30 days.

**Total corn consumed** for alcohol and other uses was 501 million bushels in September 2018. Total corn consumption was down 7 percent from August 2018 but up 1 percent from September 2017. September 2018 usage included 91.7 percent for alcohol and 8.3 percent for other purposes. Corn consumed for beverage alcohol totaled 2.81 million bushels, down 21 percent from August 2018 and down 21 percent from September 2017. Corn for fuel alcohol, at 449 million bushels, was down 7 percent from August 2018 but up 1 percent from September 2017. Corn consumed in September 2018 for dry milling fuel production and wet milling fuel production was 91.5 percent and 8.5 percent respectively.

**Dry mill co-product production** of distillers dried grains with solubles (DDGS) was 1.95 million tons during September 2018, down 11 percent from August 2018 but up 5 percent from September 2017. Distillers wet grains (DWG) 65 percent or more moisture was 1.30 million tons in September 2018, down 1 percent from August 2018 but up 1 percent from September 2017.

**Wet mill corn gluten feed production** was 293,548 tons during September 2018, down 10 percent from August 2018 and down 9 percent from September 2017. Wet corn gluten feed 40 to 60 percent moisture was 229,183 tons in September 2018, down 11 percent from August 2018 and down 18 percent from September 2017.

## Dry and Wet Mill, Corn Consumed - United States: September 2018 with Comparisons

Purpose	September 2017	August 2018	September 2018
	(1,000 bushels)	(1,000 bushels)	(1,000 bushels)
Consumed for alcohol production			
Beverage alcohol	3,543	3,559	2,808
Fuel alcohol	445,534	483,374	449,267
Dry mill	399,974	441,043	410,945
Wet mill	45,560	42,331	38,322
Industrial alcohol	5,557	7,167	7,068
Consumed for other purposes			
Total wet mill products other than fuel	43,393	44,916	41,573

### Dry Mill, Sorghum Consumed - United States: September 2018 with Comparisons

Purpose	September 2017	August 2018	September 2018
	(1,000 cwt)	(1,000 cwt)	(1,000 cwt)
Consumed for alcohol production Fuel alcohol	2,391	3,455	4.290

# Dry and Wet Mill, Co-products and Products Produced – United States: September 2018 with Comparisons

Co-products and products	September 2017	August 2018	September 2018
	(tons)	(tons)	(tons)
Dry mill			
Condensed distillers solubles (CDS - syrup)	135,061	134,308	131,317
Corn oil (Corn Distillers Oil - CDO)	149,792	166,106	155,284
Distillers dried grains (DDG)	454,220	394,908	376,510
Distillers dried grains with solubles (DDGS)	1,854,144	2,185,674	1,949,821
Distillers wet grains (DWG) 65% or more moisture	1,283,173	1,313,014	1,295,724
Modified distillers wet grains (DWG) 40% to 64% moisture	419,900	402,346	408,980
Wet mill			
Corn germ meal	85,798	55,012	59,668
Corn gluten feed	321,506	325,547	293,548
Corn gluten meal	87,322	91,947	83,262
Wet corn gluten feed 40% to 60% moisture	279,654	256,268	229,183
Dry and wet mill			
Carbon dioxide captured	216,846	282,872	260,179

### **Statistical Methodology**

**Survey Procedures:** *Grain Crushings and Co-Products Production* is part of the Current Agricultural Industrial Reports (CAIR) program. CAIR reports are administered under NASS's Census of Agriculture program. Response to CAIR surveys are required by law (Title 7, U.S. Code). Data are collected from all known mills that produce ethanol.

The census universe was determined during operation profile interviews which were completed for each potential facility to identify the presence of ethanol production in 2014. During the operation profile, facilities that met the survey criteria were asked for the nameplate production capacity. The operation profile also documented the manner in which the firm will report. A firm headquarters can report for all milling locations or each location can report separately.

In the Dry Mill Producers and Wet Mill Producers survey questionnaires, mills are asked for previous calendar month data on feedstocks consumed, products and co-products produced. Mills are mailed questionnaires with the options of completing the survey by mail or by Electronic Data Reporting (EDR). For surveys not received in a reasonable amount of time, telephone follow-up is conducted.

**Estimating Procedures:** Imputation is done for operations with non-response by using historical data and current data relationships. Data for reporting firms are added to estimates for non-reporting firms to obtain National totals.

**Revision Policy:** Data are revised the following month based on late reports or corrected data. Final figures are published in the annual summary of the following year.

**Reliability:** Approximately 130 reports are received each month which represent about 90 percent of total capacity. Monthly data can vary due to different firms reporting month to month. Survey data are also subject to non-sampling errors such as omissions and mistakes in reporting and in processing the data. While these errors cannot be measured directly, they are minimized by carefully reviewing all reported data for consistency and reasonableness.

#### **Information Contacts**

Listed below are the commodity statisticians in the Crops Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to nass@nass.usda.gov.

Lance Honig, Chief, Crops Branch	(202) 720-2127
Anthony Prillaman, Head, Field Crops Section	(202) 720-2127
David Colwell – Current Agricultural Industrial Reports	(202) 720-3338
Chris Hawthorn – Corn, Flaxseed, Proso Millet	(202) 720-9526
James Johanson – County Estimates, Hay	(202) 690-8533
Jeff Lemmons – Oats, Soybeans	(202) 690-3234
Jannety Mosley – Crop Weather, Barley	(202) 720-7621
Sammy Neal – Peanuts, Rice	(202) 720-7688
Jean Porter – Rye, Wheat	(202) 720-8068
Bianca Pruneda – Cotton, Cotton Ginnings, Sorghum	(202) 720-5944
Travis Thorson – Sunflower, Other Oilseeds	

### **Access to NASS Reports**

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: <a href="www.nass.usda.gov">www.nass.usda.gov</a>
- ➤ Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit <a href="www.nass.usda.gov">www.nass.usda.gov</a> and click on "National" or "State" in upper right corner above "search" box to create an account and select the reports you would like to receive.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@nass.usda.gov.

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the <u>USDA Program Discrimination</u> <u>Complaint Form</u> (PDF), found online at <u>www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer</u>, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.
