

Cotton System Consumption and Stocks

ISSN: 2378-2471

Released November 1, 2019, by the National Agricultural Statistics Service (NASS), Agricultural Statistics Board, United States Department of Agriculture (USDA).

Highlights

August 2019 contained 31 days. September 2019 contained 30 days.

Extra long staple cotton consumed on the cotton system was 625,000 pounds in September 2019, down 10 percent from August 2019 and down 43 percent from September 2018. September 2019 stocks on hand on the last Saturday of the month totaled 1.34 million pounds, down 14 percent from August 2019 and down 21 percent from September 2018.

Total Manmade fiber consumed on the cotton system was 35.8 million pounds during September 2019, down 3 percent from August 2019 and down 1 percent from September 2018. Of the total manmade fiber consumed, 92 percent was polyester staple.

Total number of spindles on the cotton system was 1.28 million during September 2019. Active spindles consuming 100 percent cotton was 649,000 in September 2019, up 7 percent from August 2019 and up 1 percent from September 2018.

Consumption and Stocks - United States: September 2019 with Comparisons

Item	September 2018	August 2019	September 2019
Extra long staple			
Consumed			
Running balesnumber	2,208	1,411	1,263
Weight1,000 pounds	1,103	698	625
Stocks on hand (last Saturday of the month)			
Running balesnumber	3,393	3,141	2,687
Weight	1,698	1,569	1,343
Rayon and acetate staple			
Consumed1,000 pounds	1,104	1,030	1,029
Stocks on hand (last Saturday of the month)1,000 pounds	1,670	1,044	1,299
Polyester staple			
Consumed1,000 pounds	33,354	34,435	33,036
Stocks on hand (last Saturday of the month)1,000 pounds	20,587	39,485	37,430
Other manmade fiber staple			
Consumed1,000 pounds	1,548	1,542	1,692
Stocks on hand (last Saturday of the month)1,000 pounds	3,298	2,644	2,584

Spindles in Place, Active Spindles and Spindle Hours Operated – United States: September 2019 with Comparisons

Item	September 2018	August 2019	September 2019
Cotton-system spindles in place			
Ring spindles	952	944	947
Airjet spindles	29	26	26
Open-end spindles	314	305	305
Cotton-system spindles active			
Spindles consuming 100% cotton	640	607	649
million hours	435	425	446
Spindles consuming 100% manmade fiber	37	54	53
million hours	20	30	29
Spindles consuming mixtures or blends	583	541	508
million hours	383	351	326

Statistical Methodology

Survey Procedures: *Cotton System Consumption and Stocks* is part of the Current Agricultural Industrial Reports (CAIR) program. CAIR reports are administered under NASS's Census of Agriculture program. Response to CAIR surveys are required by law (Title 7, U.S. Code). Data are collected from all known mills that consume cotton.

The census universe was determined during operation profile interviews which were completed for each potential facility to identify the presence of cotton consumption and spindle activity in 2014.

In the Cotton and Manmade Fiber Staple survey questionnaires, mills are asked for previous calendar month data on cotton and manmade fiber consumed, stocks and spindle activity. Mills are mailed questionnaires with the options of completing the survey by mail or by Electronic Data Reporting (EDR). For surveys not received in a reasonable amount of time, telephone follow-up is conducted.

Estimating Procedures: Imputation is done for operations with non-response by using historical data and current data relationships. Data for reporting firms are added to estimates for non-reporting firms to obtain National totals.

Revision Policy: Data are revised the following month based on late reports or corrected data. Final figures are published in the annual summary of the following year.

Reliability: Approximately 50 reports are received each month which represent about 95 percent of total spindles. Monthly data can vary due to different firms reporting month to month. Survey data are also subject to non-sampling errors such as omissions and mistakes in reporting and in processing the data. While these errors cannot be measured directly, they are minimized by carefully reviewing all reported data for consistency and reasonableness.

Information Contacts

Listed below are the commodity statisticians in the Crops Branch of the National Agricultural Statistics Service to contact for additional information. E-mail inquiries may be sent to nass@nass.usda.gov.

Lance Honig, Chief, Crops Branch	(202) 720-2127
Anthony Prillaman, Head, Field Crops Section	(202) 720-2127

Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site: www.nass.usda.gov
- ➤ Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit www.nass.usda.gov and click on "National" or "State" in upper right corner above "search" box to create an account and select the reports you would like to receive.
- Cornell's Mann Library has launched a new website housing NASS's and other agency's archived reports. The new website, https://usda.library.cornell.edu. All email subscriptions containing reports will be sent from the new website, https://usda.library.cornell.edu. To continue receiving the reports via email, you will have to go to the new website, create a new account and re-subscribe to the reports. If you need instructions to set up an account or subscribe, they are located at: https://usda.library.cornell.edu/help.. You should whitelist notifications@usda-esmis.library.cornell.edu in your email client to avoid the emails going into spam/junk folders.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: nass@usda.gov.

The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.)

If you wish to file a Civil Rights program complaint of discrimination, complete the <u>USDA Program Discrimination Complaint Form</u> (PDF), found online at <u>www.ascr.usda.gov/filing-program-discrimination-complaint-usda-customer</u>, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter to us by mail at U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov.
