Total Receipts:		590	3,274	1,150

Compared to last week steers sold steady. Demand was good with few cattle on offer in the country. Friday's offering coming out of a grow yard with medium plus flesh. There are still some county cattle to purchase. With the market jumping every day the rancher doesn't want to price one to cheap on the place. Cattle on Feed comes out Friday afternoon with a lot of eyes on this report and on the Cattle Inventory report. Bullish is the early call by several, guess the final say will be at 2:00 CST. Feedlot trade in the area has been at a standstill through the writing of this report. Cattle feeders are dug into at least steady money with last week and most are asking for a couple of dollars more. Knowing the packers didn't procure enough cash cattle last week. Hot, humid weather has not affected the feedlots so far this summer as most are current on marketings and feel like they are in the drivers seat this week. Supply included: 100% Feeder Cattle (100% Steers). Feeder cattle supply over 600 lbs was 100%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 2% shrink or equivalent, with a 10 cent slide > 600 lbs. Livestock reported this week originated from NE.
