Compared to last week mid 8 weight heifers sold 2.00 lower. Demand was good for yearling feeders and on bawling calves. Silage choppers remain full speed ahead as huge piles are mounting at feedlots around Nebraska. High moisture corn slow to come to the pile as several fields are a lot wetter than producers need, even for this great feed source. Flipping the calendar to fall next Wednesday. Several indicators have prevailed the last week as the days are getting shorter, cool mornings and warmer days along with sounds of bawling calves to name a few. Feed lot movement stagnate again this week on the cash trade. Only 18,799 head sold through Friday morning with live and dressed sales mostly steady at 125.00 and 200.00 respectively. Supply included: 100% Feeder Cattle (6.5% Steers, 93.5% Heifers). Feeder cattle supply over 600 lbs was 54%. Unless otherwise noted, Feeder Cattle prices FOB based on net weights after a 2-3% shrink or equivalent, with a 6-8 cent slide > 600 lbs. and 10-12 cent slide < 600 lbs. Livestock reported this week originated from MT, NE, WY.
