Compared to last Monday: Feeder cattle were too lightly tested last week to develop an accurate market trend, however higher undertones were noticed on both steers and heifers. Demand was moderate for light to moderate offerings. Quality this week was average to attractive and overall better than last week. Market activity was moderate. Weigh up cows sold on mostly moderate demand for moderate to heavy offerings. Feeding buyers were the driving market force this week as they showed good demand for both short term feeding cows and cows suitable to feed to premium white. Feeding cows sold mostly 1.00-3.00 higher. Packers showed stronger demand for slaughter cows compared to last week. Packers opted to send most fleshy cows to slaughter instead of putting them on feed. Breaking slaughter cows were not well compared. Boning cows sold mostly 2.00-4.00 higher; lean cows sold 1.00-3.00 higher. Cows offered mixed weigh up conditions today. Slaughter bulls were too lightly tested last week to develop an accurate market trend, however higher undertones were noticed as packer and feeding buyers competed over offerings. Young age cows suitable to feed or rebreed sold mostly generally steady. Supply included: 25% Feeder Cattle (51% Steers, 48% Heifers, 0% Bulls); 58% Slaughter Cattle (96% Cows, 4% Bulls); 17% Replacement Cattle (92% Stock Cows, 8% Bred Cows). Feeder cattle supply over 600 lbs was 27%.
