Receipts last year: NA

Next sale is in two weeks 7/25/2019

Compared to last test: With the last reported sale over a month ago on 6/06/19 no true comparisons can be made. Demand for both steers and heifers was moderate to good on light to moderate offerings. Quality was mostly average to attractive. A few limited load lots of calves were available this sale and buyers showed good demand for one iron home-raised calves. Most of these calves were weaned 60 days. Market activity was mostly moderate this week. Weigh up cows and bulls comprised most of the sale this week. Cow and bull quality was mostly attractive to very attractive as ranchers continue to cull open cows and bulls that are blemished or didn't test fertile. Feeding cow buyers purchased the majority of the cow offering this week as they showed good demand for all ages. Fleshy cows sold with the best demand this sale as packer buyers were only able to pick a few away from feeding buyers. Slaughter cows and bulls both sold with lower undertones compared to last sale. Feeding cows sold with steady to lower undertones. Demand for young age cows has lightened since last sale and these offerings all sold with lower undertones. Weigh up conditions started the day average to above average for buyers, however as the day heated up cows filled up and offered significantly poorer weigh conditions after lunch. Supply included: 31% Feeder Cattle (55% Steers, 40% Heifers, 5% Bulls); 20% Slaughter Cattle (61% Cows, 39% Bulls); 50% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 94%.
