Receipts last year: 809

Compared to last week: Feeder steers and heifers calves were too lightly tested today to develop any market trend. Snowy conditions seen over the weekend were to blame for limited offerings this sale. Road conditions across much of the eastern portion of the state remain poor. With limited feeder offerings buyers showed little interest as many feared they could not fill a full load. Demand for feeder cattle was mostly light for light offerings. Market activity was slow. Packers were more aggressive this week as they came off a lightened slaughter week and a major winter storm that limited the volume of cattle delivered directly to the plant as well as to sales across the upper plains. Slaughter cattle sold sharply higher with most sales 3.00-8.00 higher. Slaughter bulls sold steady to 3.00 higher. Feeding cows sold with steady to higher undertones as packers opted to purchase mostly young to middle age offerings to feed. Young re-breed cows sold on mostly moderate demand for light offerings. Young age cows were too lightly tested to develop any market trend. Supply included: 44% Feeder Cattle (77% Steers, 11% Heifers, 12% Bulls); 24% Slaughter Cattle (74% Cows, 26% Bulls); 32% Replacement Cattle (96% Stock Cows, 4% Bred Cows). Feeder cattle supply over 600 lbs was 9%.
