Compared to last Monday: Feeder cattle were all too lightly tested last week to develop an accurate market trend, however higher undertones were noticed. Demand was moderate for light to moderate offerings. Quality was average to attractive. Market activity today was mostly moderate. Weigh up cow sold on mostly moderate demand and offerings. Packers continue to purchase cows to put away on feed for the upcoming holidays as well as cows suitable to feed to premium white. Slaughter cows sold steady to firm. Feeding cows sold steady to 1.00 higher. Weigh up conditions were mostly below average this sale with many full cows on offer. Cow and bull quality was average to attractive. Many cows continue to sell in thin body condition. Several buyers were buying exposed cows or cows they believed to be bred to feed. Some buyers will calves these cows out while others will ship them before they calve. Young 2-3 year old's suitable to feed or rebreed sold sharply higher with most sales 5.00-10.00 higher. Demand for these offerings was mostly good and much stronger than last sale. Supply included: 48% Feeder Cattle (52% Steers, 48% Heifers, 1% Bulls); 45% Slaughter Cattle (98% Cows, 2% Bulls); 6% Replacement Cattle (70% Stock Cows, 30% Bred Cows). Feeder cattle supply over 600 lbs was 6%.
