Livestock Weighted Average Report for 11/21/2019 - Final

AUCTION

	This Week	Last Reported 11/14/2019	Last Year
Total Receipts:	3,440	5,898	0
Feeder Cattle:	3,152(91.6%)	5,318(90.2%)	0(0.0%)
Slaughter Cattle:	40(1.2%)	110(1.9%)	0(0.0%)
Replacement Cattle:	248(7.2%)	470(8.0%)	0(0.0%)

Special Note: Receipts last year: 0

No sale last year

Compared to last week: Yearling steers and heifers were too lightly tested to develop any market trend. Demand for yearlings was mostly good on light offerings. Quality this week was average to attractive. Steer calves under 550 lbs sold 5.00-10.00 higher, steers heavier than 550 lbs sold steady to firm. Heifer calves weighing less than 550 lbs sold mostly steady to 4.00 higher, heifer calves heavier than 550 lbs sold steady to weak. Quality this week was mostly average to very attractive and much more attractive than the last two sales. Demand overall was moderate to good for moderate offerings. Calves were much fresher appearing this week as warmer, drier weather has helped dry up lot and pen conditions. Rain is forecasted for the west coast early next week which help improve prices for lightweight calves. Weaned calves are started to be marketed. Buyers showed good demand for healthy appearing, weaned calves which were given two rounds of shots and weaned over 45 days. Calves with fall preconditioning shots continue to sell with a premium to non vaccinated of calves with only one round of preconditioning shots. Market activity this week was mostly moderate to active. Weigh up cows sold on mostly light demand for light to moderate offerings. Weigh up conditions were average to below average this week, however an improvement from last week. Slaughter cows were too lightly tested this week to develop any market trend. Most cows are destined for a feedlot this week. All classes of feeding cows sold mostly 3.00 to 6.00 lower. Packers and other feeding buyers have feedlots near capacity as they have been sending heavy supplies of cows for over a month. Slaughter bulls were too lightly tested to develop an accurate market trend, however higher undertones were noticed. Young age cows suitable to re-breed sold with steady to weak undertones. Quality was mostly average. Supply included: 92% Feeder Cattle (61% Steers, 39% Heifers, 0% Bulls); 1% Slaughter Cattle (28% Cows, 72% Bulls); 7% Replacement Cattle (100% Stock Cows). Feeder cattle supply over 600 lbs was 31%.

FEEDER CATTLE

Please Note:

The above USDA LPGMN price report is reflective of the majority of classes and grades of livestock offered for sale. There may be instances where some sales do not fit within reporting guidelines and therefore will not be included in the report. Prices are reported on an FOB basis, unless otherwise noted.

Explanatory Notes:

Stage (Cattle) - Represents pregnancy stage (O = open; T1 = 1st Trimester, 1 to 3 months; T1-2 = 1st/2nd trimester, 1 to 6 months; T2 = 2nd Trimester, 4 to 6 months; T2-3 = 2nd/3rd Trimester, 4 to 9 months; T3 = 3rd Trimester, 7 to 9 months; T1-3 = all trimesters, 1 to 9 months; E = Exposed; B = Bred)

Age - Numerical representation of age in years.
