^{1/} Regional and U. S. average based on prices for individual markets weighted by population. Prices are f.o.b. cities within markets on a 3.5% fat basis. Prices for Federal-order markets include over-order payments above minimum Class I prices, reported by principal producers' associations. Over-order payments may not apply to all Class I milk. Prices in this table do not represent returns to producers. Blend prices paid to producers, based on proportions used in fluid and manufactured products, are shown by markets in Table 6.

^{2/} Revised, using weighted monthly averages where prices changed during the month.
