MILK PRICE HIGHLIGHTS

Class I prices: Early February prices paid by dealers for milk used for fluid purposes (Class I) averaged \$7.08 per hundredweight for about 150 markets, according to the Crop Reporting Board. This was 2 cents below January and 14 cents above a year earlier. Regional gains above a year earlier ranged from 6 cents in the West North Central Region to 28 cents in the East South Central Region.

Store milk prices: Store prices to consumers in 25 major cities in early February averaged 57.6 cents per half gallon for the most common grade of milk. This was 0.2 cent below January and 0.6 cent above a year earlier.

Home-delivered prices: Prices for home-delivered milk averaged 65.7 cents per half gallon in early February for 25 major cities. This price was 0.1 cent above last month and 1.5 cents above February 1970. The home-delivered price represents list prices before deductions for quantity and other discounts.

SPECIAL IN THIS ISSUE

Annual Price Summaries Pages 27-29

SALES OF FLUID DAIRY PRODUCTS AND RECEIPTS
OF MILK FROM PRODUCERS

Preliminary December sales: Preliminary data on total sales of fluid dairy products during December 1970 in 60 marketing areas averaged about the same as a year earlier. Preliminary total sales for the year of 1970 were about equal to total sales for 1969 for these same markets.

November sales: Revised total sales of fluid products for November in 60 regulated markets (55 Federal and 5 States) averaged about the same as last year's 3.2 billion pounds.

Whole milk sales in November were down about 2 percent from a year earlier sales of 2.5 billion pounds.

Low-fat and skim milk sales during November were 7 percent above a year earlier sales of 627 million pounds. The cumulative sales this year continued to be nearly 9 percent more than last year.

Milk and cream mixtures sales (mostly half and half) averaged nearly 8 percent below November 1969 sales of 35.9 million pounds. Sweet and sour cream sales were almost 3 percent above the 23 million pounds for November 1969.

Milk receipts: December receipts of milk from producers at plants regulated for 62 marketing areas (58 Federal and 4 States) were 4 percent larger than a year earlier, but the number of producers delivering milk to these markets was down nearly 2 percent.

Milk production: United States milk production in January was estimated at 9,547 million pounds, up 1 percent from a year earlier. January output provided 1.49 pounds of milk per person daily for all uses, the same as a year earlier, but more than the 1.46 pounds a month earlier.

1/ Regional and U.S. average based on prices for individual markets weighted by population. Prices are f.o.b. cities within markets on a 3.5% fat basis. Prices for Federal-order markets include prevailing premiums above minimum Class I prices, reported by principal producers' associations. Premiums may not apply to all Class I milk. Prices in this table do not represent returns to producers. Blend prices paid to producers, based on proportions used in fluid and manufactured products, are shown by markets in Table 6.

2/ East North Central revised to include 26 cent service and freight charges for the Chicago market not previously included.

Table 2. Prevailing prices paid by consumers for the most common grade of whole milk, 25 cities, February 1971 1/

g=glass container.

p=paper container.

P=plastic container.

1/ Federal order market unless footnote indicates otherwise.

2/ Class I prices per cwt. are f.o.b. city on a 3.5% fat basis. Premium is above Federal order minimum, as reported by principal producers' association. May not apply to all Class I milk.

3/ Prevailing price includes Class I premium where reported.

4/ Fat differential per cwt. is for each 0.1% plus or minus variation from a fat test of 3.5%.

5/ Prevailing prices represent the major portion of sales in each market and may not cover some sales as loss leaders or specials. All prices are the latest reported to the 10th of each month.

6/ Home delivered prices may be subject to quantity and other discounts.

7/ State-regulated minimum price prevails over Federal order minimum.

8/ State-regulated minimum prices to both dealers and consumers. Class I prices announced at basic fat test of 4.0% fat for Louisiana have been adjusted to 3.5% fat.

9/ State-regulated minimum prices to dealers.

10/ Class I prices regulated under Federal order. State-regulated minimum prices to consumers.

11/ Unregulated market.

12/ Not available.

13/ Price level based on Federal order freight zones applied to the 201-210-mile zone minimum for the N. Y.-N. J. Order No. 2

14/ Includes 4-cent service charge for first unit of each home delivery.

15/ Equivalent price per cwt. of whole milk, based on 3.5% fat and 8.622% solids not fat.

16/ Order requires additional direct - delivery differential above F.O. minimum of 6 cents per cwt. delivered within 55 miles of Philadelphia.

17/ Louisiana State - regulated minimum price for New Orleans market for January and February \$7.57.

18/ \$6.80 not \$6.90.

19/ January same as February.

1/ Federal order market unless footnote indicates otherwise. Base point for prices shown in (). Prices are f.o.b. base point per cwt. and on a 3.5% fat basis. 2/ Premium is above Federal order minimum as reported by principal producers' association. 3/ Includes Class I premium where reported. 4/ Fat differential per cwt. is for each 0.1% plus or minus variation from a fat test of 3.5%. 5/ Blend price reported by principal producers' association, including the effect of prevailing premiums. Weighted average of prices for base and excess milk, where such plans are in effect. 6/ State-regulated market. 7/ Price is net to producers - after all deductions except capital retains. Not directly comparable to Federal order blend prices for the area. 8/ Based on prevailing blend price for 15¢ zone in Southern Michigan. 9/ State-regulated minimum prices at 4.0% for Louisiana adjusted to 3.5% fat. 10/ Producers' association blend price is below Federal order minimum blend price because of re-pooling with milk sold outside this order. 11/ State-regulated minimum price prevails over Federal order minimum. 12/ Not available. 13/ Tulsa 10¢ less. 14/ Prices adjusted for seasonal incentive fund (Louisville plan). Dollars per cwt. added: January Paducah 61¢. 15/ December: North Carolina \$7.10. 16/ Order requires additional direct delivery differential above F.O. minimum of 6 cents per cwt. delivered within 55 miles of Philadelphia. 17/ Louisiana State-regulated minimum price January \$7.57.

1/ Regional and U. S. average based on prices for individual markets weighted by population. Prices are f.o.b. cities within markets on a 3.5% fat basis. Prices for Federal-order markets include prevailing premiums above minimum Class I prices, reported by principal producers' associations. Premiums may not apply to all Class I milk. Prices in this table do not represent returns to producers. Blend prices paid to producers, based on proportions used in fluid and manufactured products, are shown by markets in Table 6.

2/ Markets located in the New York-New Jersey Federal Order (Middle Atlantic) revised f.o.b. city minimums changed to agree with specified freight zones under the order. East North Central revised to include 26 cent service and freight charges for the Chicago market not previously included.
