

fluid milk and cream

March 1973

Release:
March 21, 1973
3:00 P. M. EST

MILK PRICE HIGHLIGHTS

Class I prices: March prices paid by dealers for milk used for fluid purposes (Class I) averaged \$7.69 per hundredweight in about 150 markets, according to the Crop Reporting Board. This was 6 cents above February and 47 cents above a year earlier. Regional gains from a year earlier ranged from 39 cents in the West North Central Region to 52 cents in the East South Central and West South Central Regions.

Store milk prices: Store prices to consumers in 25 major cities in early March averaged 60.2 cents per half gallon for the most common grade of milk. This was 0.3 cent above February and 2.2 cents above a year earlier.

Home-delivered prices: Prices for home-delivered milk averaged 71.0 cents per half gallon in early March for 25 major cities. This price was 0.4 cent above last month and 3.1 cents above March 1972. The home-delivered price represents list prices before deductions for quantity and other discounts.

Annual sales by groups of fluid items Page 26-28
Annual receipts and number of producers Page 29

SALES OF FLUID DAIRY PRODUCTS AND RECEIPTS
OF MILK FROM PRODUCERS

December 1972 sales: Revised December sales of fluid products in 61 marketing areas (58 Federal and 3 State) averaged 0.5 percent below last year's 3.5 billion pounds.

Whole milk sales during December 1972 were down 3 percent from year-earlier sales of 2.6 billion pounds.

Low-fat and skim sales for December 1972 were up about 7 percent from year-earlier sales of 827.8 million pounds.

Milk and cream mixture sales (mostly half and half) averaged about 3 percent below December 1971 sales of 35.7 million pounds. Sweet and sour cream sales were down nearly 3 percent from the 32.5 million pounds for December 1971.

Milk receipts: January receipts of milk from producers at plants regulated for 63 markets (61 Federal and 2 State) were down 2 percent from a year earlier. The number of producers delivering milk to plants for the same markets was down 4 percent from January 1972.

Milk production: United States milk production in February was estimated at 9,055 million pounds, down 4 percent from a year earlier. Most of the decrease from a year earlier reflects the extra day in February last year. On a daily average basis, the decrease in production from 1972 was less than 1 percent. February output provided 1.54 pounds of milk per person daily for all uses compared with 1.56 pounds a year earlier and 1.48 in January 1973.

ANNUAL SALES AND RECEIPTS

Sales during 1972: Sales of whole milk of 80.4 million pounds during 1972 in 61 marketing areas were about the same as 1971. Whole milk items include plain and flavored whole milk. The marketing areas include 58 Federal and 3 State markets for which comparable data are available for 1971 and 1972.

Low-fat and skim milk sales were up about 11 percent from 1971. Fluid items in this group include plain, solids-added, and flavored skim and low-fat milk, buttermilk and cultured specialties. Milk and cream mixture sales (mostly half and half) were down 2 percent from 1971. Sales of cream items were up almost 1 percent.

Receipts during 1972: Daily receipts of milk from producers at regulated plants averaged 190 million pounds in 1972--about 1 percent above 1971. Data for regulated plants include 61 Federal and 2 State markets which are comparable for the years 1971-1972. The average number of producers in these markets during 1972 was about 138 thousand--down nearly 4 percent from 1971. Daily deliveries to plants by these producers averaged 1,377 pounds--up 5 percent from 1971.

1/ Regional and U. S. average based on prices for individual markets weighted by population. Prices are f.o.b. cities within markets on a 3.5% fat basis. Prices for Federal-order markets include over-order payments above minimum Class I prices, reported by principal producers' associations. Over-order payments may not apply to all Class I milk. Prices in this table do not represent returns to producers. Blend prices paid to producers, based on proportions used in fluid and manufactured products, are shown by markets in Table 6.

g=glass container.

p=paper container.

P=plastic container.

- 1/ Federal order market unless footnote indicates otherwise.
- 2/ Class I prices per cwt. are f.o.b. city on a 3.5% fat basis. Over-Order payment is above Federal order minimum, as reported by principal producers' association. May not apply to all Class I milk.
- 3/ Prevailing price includes Over-Order payment where reported.
- 4/ All prices are the latest reported to the 10th of each month. Home-delivered prices may be subject to quantity and other discounts.
- 5/ State-regulated minimum price prevails over Federal order minimum.
- 6/ State-regulated minimum prices to both dealers and consumers. Class I prices announced at base fat test of 4.0% fat for Louisiana have been adjusted to 3.5% fat.
- 7/ State-regulated minimum prices to dealers.
- 8/ Class I prices regulated under Federal order. State-regulated minimum prices to consumers.
- 9/ Unregulated market.
- 10/ Not available.
- 11/ Price level based on Federal order freight zones applied to the 201-210-mile zone minimum for the N. Y.-N. J. Order No. 2.
- 12/ Includes 4-cent service charge for first unit of each home delivery.
- 13/ Equivalent price per cwt. of whole milk, based on 3.5% fat and 8.622% solids not fat.
- 14/ Order requires additional direct delivery differential above F.O minimum of 6 cents per cwt. delivered within 55 miles of Philadelphia.
- 15/ Louisiana State-regulated minimum price for New Orleans market \$7.57.
- 16/ Price does not include the 8-cent direct delivery to Detroit handlers.
- 17/ Does not include country plant handling charge of 18¢ per cwt. or extra transportation charge of 8-12¢ per cwt. for delivery to distributing plants in the metropolitan area.
- 18/ February same as March.
- 19/ February 97¢ not 77¢.
- 20/ February 113-121¢.

1/ Federal order market unless footnote indicates otherwise. Base point for prices shown in (). Prices are f.o.b. base point per cwt. and on a 3.5% fat basis. 2/ Over-order payment is above Federal order minimum as reported by principal producers' association. 3/ Includes over-order payment where reported. 4/ Blend price reported by principal producers' association, including the effect of over-order payments. Weighted average of prices for base and excess milk, where such plans are in effect. 5/ State-regulated market. 6/ Price is net to producers - after all deductions except capital retains. Not directly comparable to Federal Order blend prices for the area. 7/ State-regulated minimum prices at 4.0% for Louisiana adjusted to 3.5% fat. 8/ Producers' association blend price is below Federal order minimum blend price because of re-pooling with milk sold outside this order. 9/ State-regulated minimum price prevails over Federal order minimum. 10/ Not available. 11/ Prices adjusted for seasonal incentive fund (Louisville plan). Dollars per cwt. None. 12/ Price does not include direct delivery differential of 6¢ per cwt. delivered within 55 miles of Philadelphia. 13/ Blend for January: Western Colorado \$6.83; Connecticut \$7.50; Georgia \$7.17. Upstate \$6.36; Neosho Valley \$6.39 not \$6.69; Wichita \$6.37 not \$6.75. 14/ Price does not include the 8¢ direct delivery to Detroit handlers. 15/ Does not include country plant handling charge of 18¢ per cwt. or extra transportation charge of 8-12¢ per cwt. for delivery to distributing plants in the metropolitan area. 16/ January class I \$7.28.
