The Transition to Organic Partnership Program (TOPP) was formed through cooperative agreements between the USDA and non-profit organizations to provide technical assistance and support for transitioning and existing organic farmers. A calendar of events held by partner organizations can be found at the following link:

<https://www.organictransition.org/events/>

A selection of upcoming events is included below:

RTC's Unlocking Conservation Resources Series:

Milaca, MN - July 29

Mora, MN - July 31

Owatonna, MN - August 5

Jordan, MN - August 6

Fairmont, MN - August 7

OAK's Conservation on an Urban Farm, Louisville, KY - July 29

Rodale's Regenerative Organic Farm Tour, LaGrange, GA - August 1

OCIA's Transition to Organic Farm Tour, Robinson, KS - August 2

OSU's Organic Grains and Pulses Field Day, Corvallis, OR - August 5

NOFA-NH's Two Mountain Farm Field Day, Andover, NH - August 7

The National Organic Standards Board (NOSB) is seeking nominations to fill five vacant spots, with terms beginning in January 2026. Board members represent specific sectors of the organic community and serve a 5-year term. Applications are due by September 9, 2025, and can be submitted electronically or by mail postmarked by the due date. More information about the current board openings, duties of board members, or application visit the following link:

<https://www.ams.usda.gov/rules-regulations/organic/nosb/nomination-process>

The USDA AMS National Organic Program (NOP) provides an email notification service to send out updates to the organic community. The Organic Insider sent out on July 11 discussed the USDA's search for nominees for the National Organic Standards Board (NOSB). This newsletter provides a summary of the NOSB, provides information on how to apply, and includes additional information regarding the NOSB. To read more from the Organic Insider, view archives, or register to receive updates by email visit:

The UK-based Agriculture and Horticulture Development Board (AHDB) recently released a report reviewing dairy markets in the country for Q2 2025. The report stated Great Britain organic milk production continued to grow and milk deliveries were up 12.6 percent in Q2 2025 from a year ago. The report also noted organic milk availability is declining in Europe, which could provide further opportunities for producers in the UK.

Information for the period July 14 - 25, 2025, issued biweekly
