Hay Auction Weighted Average Report for 9/19/2019 - Final

Hay Auction

	This Week	Last Reported (8/9/2019)	Last Year
Tons:			
Hay	2468	0	0
Straw	76	0	0
Total	2544	0	0

Special Note: Last Sale 2847 Ton offered and sold

First sale in several weeks so no recent price comparison available. Demand was moderate to good for the 2911 ton offered. Hay offered was mostly second and third cutting alfalfa consigned from eastern Wyoming and the Nebraska Panhandle, with the majority testing Good quality. Higher testing hay quite hard to come by and dairies are having to buy lower testing alfalfa to fill their needs. This hay auction was a one-day timed offering where all buyers could bid on the internet. All sales were FOB the stack on the farm or ranch and sold by the ton in semi-load lots. All hay has been tested with results available for each lot.
